CASTLERY

Customer:

[Castlery](#)

Industry:

Retail

Country:

Singapore and USA

Date:

May 2023

Feature focus:

[Dynamic Remarketing](#)
[Shopping Ads](#)

Impact:

As a part of the user acquisition strategy, InMobi and Microsoft Advertising helped Castlery maintain a user base with a well-balanced blend of new users and existing leads. The engagement rate increased as the high-intent audience engaged with the ads, resulting in a 116% increase in the CTR in the United States, and 64% uptick in Singapore.

The upgrade to Microsoft Advertising helped us expand our user base while reducing our advertising costs by 32% compared to other search partners. Not only did we build an engine of growth, but we also got exposure to consistent, quality leads with a higher probability of converting. Leveraging features such as shopping campaigns and Dynamic Remarketing doubled the impact and cemented our bottom line.

- Heng Ching Ying, Performance Manager, Castlery
